Human Information Technology Lab.

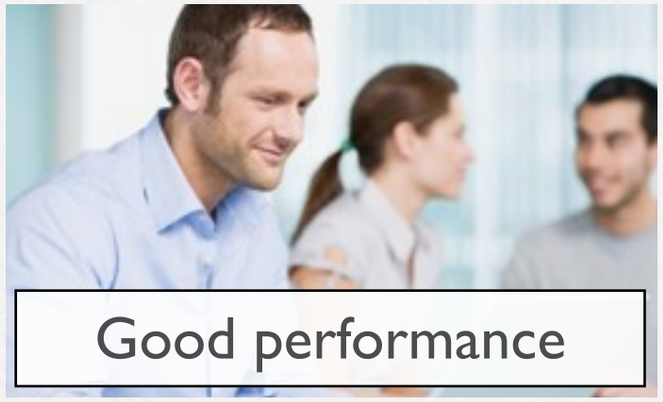
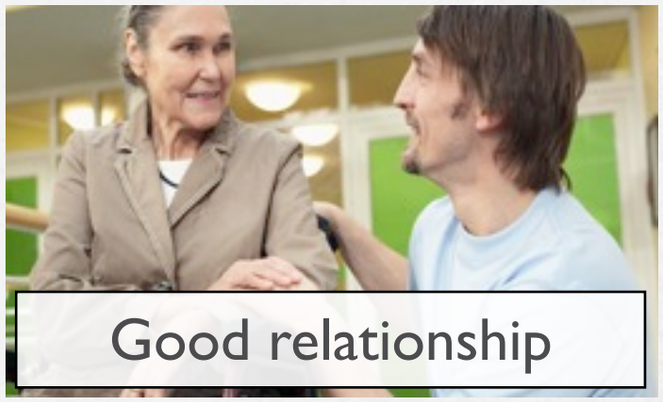
Our research theme is about HCI (Human-Computer Interaction) for…





We have 4 research groups;

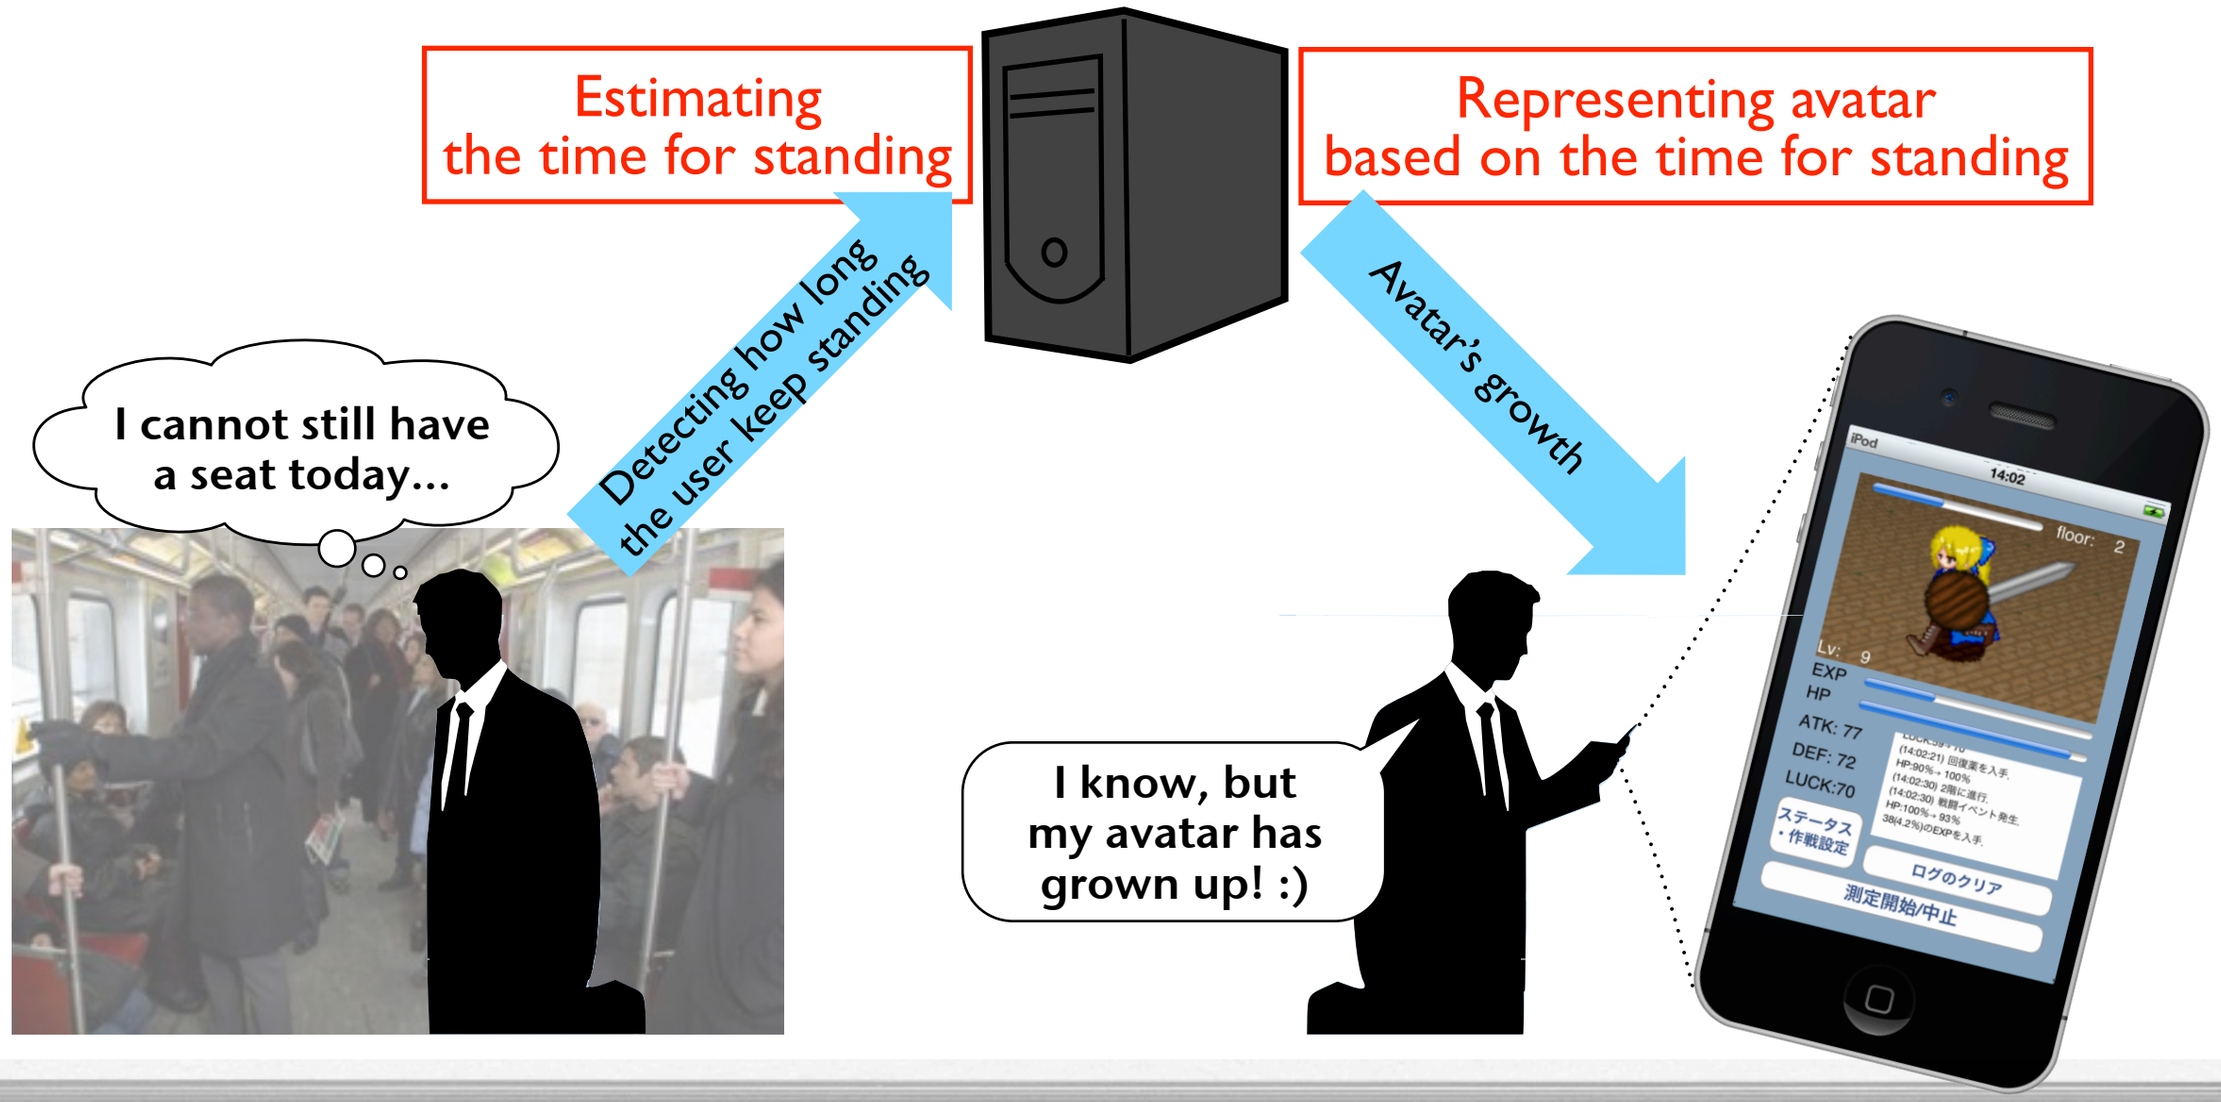
- D : Daily
- E : Entertainment
- L : Life Logging
- R : Reality

Examples of our research topics

- D “WearReport: Avoiding Clothe Conflict against Friends Based on Shared Wearing History”(published in GCCE2013)
- D “Notification Design Using Mother-like Expression” (published in IHAI2014)
- E “Stand Up, Heroes!: Gamification for Standing People on Crowded Public Transportation”(published in HCII2013)
- L “ChoiceLog: Life Log System Based on Choices for Supporting Decision-Making”(published in HCII2014)
- R “Onomatrack: Quick Recording of User's Rhythmic Ideas Using Onomatopoeia”(published in ACE2013)
- R “Visualizing Velocity and Acceleration on Augmented Practice Mirror Self-Learning Support System of Physical Motion”(published in ACIT2013)

Stand Up, Heroes!

A gamification system for standing people on crowded public transportation.



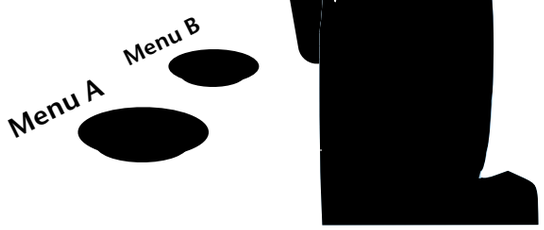
ChoiceLog

A life log system based on choices for supporting decision-making.

One day, in a cafeteria

Umm... OK.
I'll order menu A
this time.

and menu B
next time.



Archive

A few months later, in the same cafeteria

Ah! I wavered about
lunch here before...
OK! This time, menu B!

Notify

Augmented Practice Mirror

A self-learning support system for physical motion using mirror interface.
