

Image Processing Laboratory

Dept. of Information Science, Kyoto Institute of Technology

- Staffs

Prof.
Nobuyuki Nakamori

Assoc. Prof.
Masayuki Fukuzawa

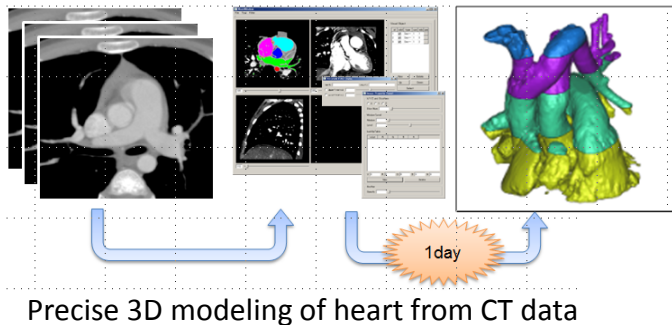

Assist. Prof.
Weiwei Du

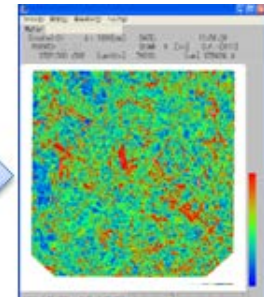

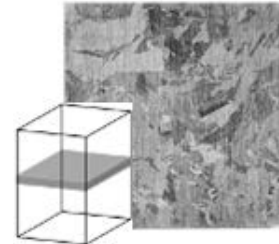

- We focus on both **instrumentation** and **processing** of/by images.
- Two major research fields are:

Medical Imaging

Industrial Instrumentation

mc-Si substrates for solar cell

Nondestructive strain imaging in semiconductors

- Closer cooperation with other universities, hospitals, and companies
- Promotion of overseas study and global internship

SPE Medical Imaging 2012

Global internship in Vietnam, 2013

***Join us
for imaging future!***
